1. INTRODUCTION

National Healthcare Provider Registry (NHPR) is a comprehensive repository of registered/verified Healthcare Professionals and Health Facilities.

The Facilities (hospitals, clinics, diagnostic laboratories and imaging centers, pharmacies, blood banks, etc.) of both government and private sector across India. The Ayushman Bharat Digital Mission (ABDM) empowers the NHPR to onboard the healthcare professionals and the facilities onto India's digital health ecosystem.

Overview

Facilities that enroll into the NHPR are digitally connected to a host of interoperable, digitally enabled services for dispensation of healthcare activities and service delivery.

Caution up and Warnings.

Processes have been designed to ensure that only verified facilities are onboarded after approval from respective authorized bodies.

Set- Consideration

National Healthcare Provider Registry (NHPR) follows a minimalistic approach to data collection and only seeks information which is necessary to verify the identity and credentials of a health facility. This includes demographic, contact, registration, and basic infrastructure details.

User access Consideration

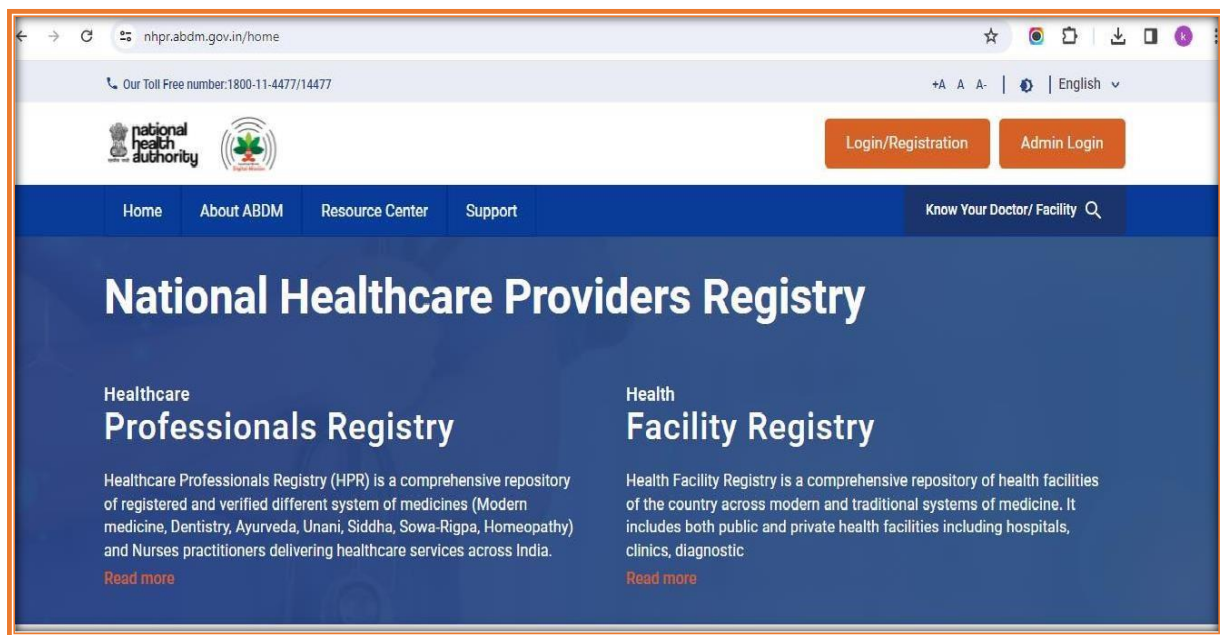

All starred fields are mandatory. They allow us to cross-check the information provided. It is advisable to include any address proofs, facility image.

2. FUNCTIONALITIES IN HFR

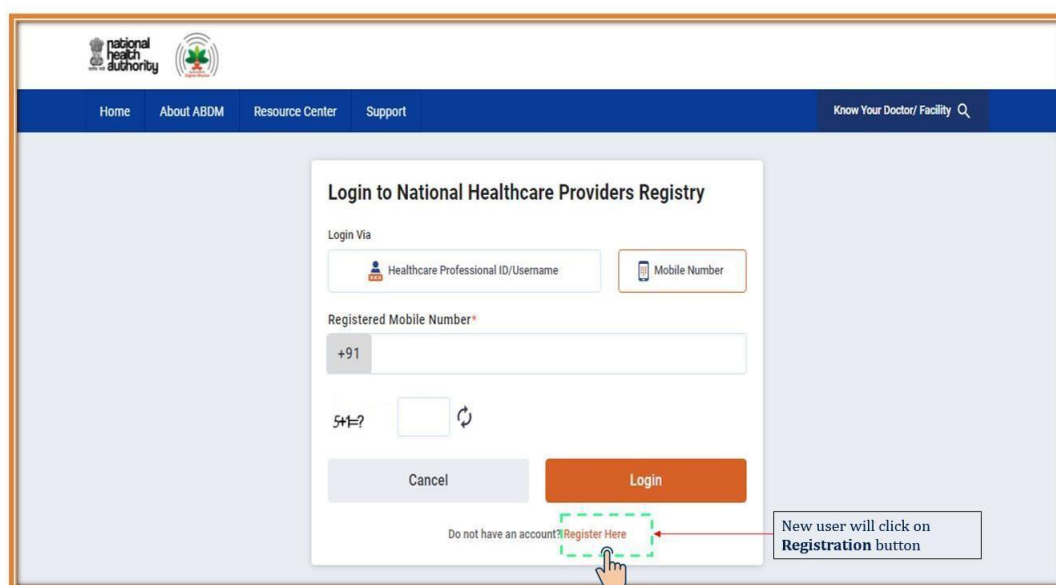

a) Health Professional ID (HPID) creation

Step 1: Go to the portal <https://nhpr.abdm.gov.in/home> to register in the National Healthcare Providers Registry Portal.

Step 2: Click on the 'Login/ Registration' button on the right upper side of the screen.

Step 3: Click on the 'Register Here' option available at the bottom of the page.

Step 4: Then the next page appears. These are the following two options to generate the Healthcare Professional ID –

- Via Aadhaar
- Via Driving License

Here we will go step by step on how to generate the Healthcare Professional ID via Aadhaar-

Step 5: The user has to click on the 'Aadhaar' option to generate the Healthcare Professional ID.

The screenshot shows the 'Create your Healthcare Professional ID' web form. The form is titled 'Create your Healthcare Professional ID' and includes the subtitle 'The Healthcare Professional ID will connect you to the India's Digital Health ecosystem'. Below the title, there are two options to generate the ID: 'Aadhaar' and 'Driving License'. The 'Aadhaar' option is selected, indicated by a red arrow from a text box on the left that says 'The user will select Aadhaar as an option to create HPID'. Below the options, there is a text input field labeled 'Enter your Aadhaar Number/Virtual ID *'. Below the input field, there are two buttons: 'ENG' and 'हिंदी'. Below the buttons, there is a declaration text: 'I, hereby declare that I am voluntarily sharing my Aadhaar Number / Virtual ID and demographic information issued by UIDAI, with National Health Authority (NHA) for the sole purpose of creation of Healthcare Professional ID. I understand that my Healthcare Professional ID can be used and shared for purposes as may be notified by Ayushman Bharat'. Below the declaration, there is a checkbox labeled 'I agree'. Below the checkbox, there is a captcha question '3+4=?' and a refresh button. Below the captcha, there are two buttons: 'Reset' and 'Submit'. At the bottom of the form, there is a link: 'Already have an account? Login Here'.

Step 6: After entering the Aadhaar number, the user has to click on 'I agree' option and provide his/her consent. Then the captcha has to be entered.

After giving the consent and entering the captcha, the user has to click on the 'Submit' button.

Step 7: After clicking on the 'Submit' button, the user will get an OTP on the mobile number linked with the Aadhaar. Then the user will enter the OTP and again click on the 'Submit' button for proceeding.

The details from the Aadhaar gets captured and the profile of the user appears to proceed further for entering the details to register.

Step 8: The registration form appears where the user will enter the following details-

- Mobile number
- Email ID

Then the user will click on the '**Verify**' option to verify both- the mobile number and Email ID. Email id verification is optional but entering it is mandatory.

The screenshot shows the National Health Authority (NHA) registration interface. At the top, there are logos for the NHA and the Ministry of Health. Below the logos is a navigation bar with links: 'About ABDM', 'Resource Center', 'Support', and 'Know Your Doctor/ Facility'. The user's profile is displayed, showing a profile picture of a man named 'Kunal', 'Aadhaar Verified' status, 'Gender: Male', 'Date of Birth: 20-10-***', 'Address: C/O: L: ***** Ipur Colony Krishna Nagar Gandhi Nagar'. A callout box points to the registration form with the text: 'The user would enter the mobile number and email address'. The registration form is titled 'Registration Form (Mobile verification is required)'. It contains fields for 'Mobile Number*' (with a 'Verify' button), 'Email*' (with a 'Verify' button), and 'Date of Birth*'. Below these are dropdown menus for 'District*' (New Delhi) and 'Sub District' (Chanakya Puri). A note states: 'Mobile number linked with Aadhaar will get auto verified, OTP will be sent in case mobile number is different. Verification Link will be sent to the above Email Address'.

a) If the mobile number entered is verified/registered on Aadhaar, the pop-up would appear.

This screenshot shows the same registration form as before, but with a pop-up message. The 'Mobile Number*' field now contains the number '9818557307'. A white pop-up box with a close button (X) is displayed over the form, containing the text: 'Mobile number verified with Aadhaar' and 'Your number is verified, as entered mobile number matches with Aadhaar registered mobile number.' The form fields below the pop-up are partially visible, including 'District*', 'Roles*' (with radio buttons for 'I am a Healthcare Professional', 'I am a Facility Manager/Administrator', and 'I am a Healthcare Professional & Facility Manager'), 'Healthcare Professional ID/Username*' (with a suggestion '@hpr.abdm'), 'Password*', and 'Confirm Password*'. At the bottom, there are suggestions for usernames and a link to 'See More'.

b) If the mobile number entered is different from verified/registered in Aadhaar, then enter the OTP sent to the entered mobile number.

The screenshot shows the National Health Authority registration form. A pop-up window titled "Add or update mobile number" is displayed over the form. The pop-up contains the text "Please enter OTP sent on your mobile number 9015798727" and a numeric keypad with digits 1, 2, 6, 1, 3, and 2. Below the keypad, it says "Didn't receive OTP? Resend OTP 71 seconds remaining" and a "Verify" button. The background form shows fields for Mobile Number (9015798727), District, Roles (with radio buttons for "I am a Healthcare Professional", "I am a Facility Manager/Administrator", and "I am a Healthcare Professional & Facility Manager"), Healthcare Professional ID/Username (@hpr.abdm), Password, and Confirm Password. A "Verify" button is also visible next to the Mobile Number field.

Step 9: District and Sub-district are fetched from the information provided. If in case it is not available enter the details manually.

The screenshot shows the National Health Authority registration form. The "District" field is set to "Shahdara" and the "Sub District" field is also set to "Shahdara". The "Roles" section has three radio buttons: "I am a Healthcare Professional", "I am a Facility Manager/Administrator", and "I am a Healthcare Professional & Facility Manager". The "Healthcare Professional ID/Username" field is @hpr.abdm, and the "Password" and "Confirm Password" fields are empty. The "Mobile Number" field is 981851**** and the "Email" field is abs@gmail.com. The "Date of Birth" field is 17-12-1986. A "Verify" button is next to the Email field. A "Verification Link will be sent to the above Email Address" message is displayed. A "Verify" button is also visible next to the Mobile Number field.

Step 10: Roles available: the user can select any of the three roles mentioned below.

- I am a Healthcare professional: This option is for Doctor/ Nurse who is only a Professional and not a Facility Manager.
- I am a Facility Manager/ Administration: This option is for Facility Manager who is not a Healthcare professional.

- I am Healthcare Professional and Facility Manager: Professional who is a Doctor/Nurse and Facility Manager.

Enter the **Healthcare Professional ID/username**. The user can also select the **username** from the suggestion provided below the option.

Enter the **Password** and **Confirm** the password and click on 'Submit' button.

Password policy-Should be 8 characters, 1 character should be Capital, 1 should be small, 1 special symbol and 1 numeric digit.

b) Facility Registration

Step 1: Select the role as "I am a facility manager/Administrator if the user is only a facility manager but if the user is a facility manager as well as running his/her own clinic then choose the role as "I am a Healthcare professional and facility Manager". Choose category as Facility Manager. Type your HPID/username that you wish to keep and set a password for the same and submit.

The screenshot shows the login interface for Facility Managers/Administrators on the NHA portal. The 'Roles' section has three radio button options: 'I am a Healthcare Professional', 'I am a Facility Manager/Administrator' (which is selected and highlighted with a green dashed box), and 'I am a Healthcare Professional & Facility Manager'. Below this, the 'Category' dropdown is set to 'Facility Manager'. The 'Healthcare Professional ID/Username' field contains 'akashsingh1994' with a suggestion '@hpr.abdm'. The 'Password' and 'Confirm Password' fields are masked with dots. A 'Reset' button is on the left and a 'Submit' button is on the right.

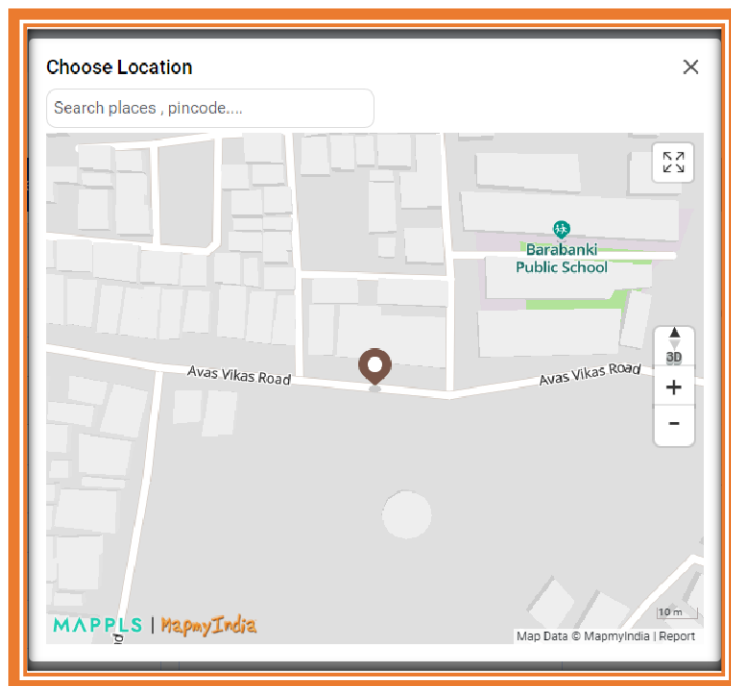

Step 2: When facility manager HPID is created, or manager has logged in, user will land on the below screen and can start registering the facility by filling all the details.

The screenshot shows the dashboard of a logged-in user, Pooja Bhat, who is a Facility Manager/Administrator. The dashboard includes a user profile section with details like 'Aadhaar Verified', 'Gender: Female', 'Date of Birth: 31/01/1996', 'HPID Number: 71-0028-1374-4356', 'Phone No.: +91 8082897376', and 'Email: poojabhat821@gmail.com'. Below the profile, there are navigation tabs: 'My Dashboard', 'Add New Facility' (which is active), 'Add Facilities in Bulk', and 'Transfer Request'. The 'Add New Facility' tab leads to a 'Facility Registration Form' with three steps: 'Facility Details', 'Detailed Facility Information', and 'Preview Profile'. The 'Facility Details' step is currently active, showing a 'Linked Program Type' dropdown and a 'Registration ID' input field with a 'Search' button.

Step 3: Fill all the basic details such as pin code, address, district and some of the fields shall be auto populated based on the pin code and location of the facility. Once the Pin code is entered, country, State/Union territory and district shall be auto populated. To locate your facility, click on location icon and a map will open up.

NOTE: If you have any program linked such as NIN, PMJAY, NHRR etc. select the program type from the dropdown menu and enter the registration Id. On clicking the search button all the available details linked with the program Id shall be auto populated and remaining fields need to be filled.

Step 4: Enter the Pin code and Click on the map icon present on the right side of the Locate your facility. The Map would open, where you can search your facility by either entering the name of the facility or by drag, drop and clicking on the Balloon Icon.

- **Step 5:** Select the facility ownership. Then select the ownership subtype, mandatory for government only. If the ownership subtype is central then select the ministry. Also, select the name of the PSU, if you are working in any. Select the system of medicine, you may select multiple systems if you are providing different system of medicines.
- Then select the facility type which could be medical college, hospital, dispensary/clinic, pharmacy, blood bank, laboratory and so on. Then select the type of service as OPD, IPD, daycare in case the facility type is Clinic/dispensary, hospital, medical college. Click on save and next
- In case of CHC, PHC, Subcenter, and HWC, the system will generate a recommended name which will be your facility type followed by the facility name. Example: Facility name is ABC and Facility type is PHC, the recommended name will be Primary Health Center ABC.

Facility Operation Status: Functional

Facility Website: --

Total number of beds: 14

Total number of ventilators: 5

☒ I am the applicant of the above facility, and do hereby verify that the details as submitted on the portal pertaining to the above facility are true to my personal knowledge and nothing material has been concealed or falsely stated. I request you to kindly verify that the health facility as stated actually exists and give approval to that effect so that the facility can be 'validated for existence' on the portal.

I am aware that the facility ID and related information can be used and shared with the entities working in the National Digital Health Ecosystem (NDHE) which inter alia includes stakeholders and entities such as healthcare professionals (e.g. doctors), facilities (e.g. hospitals, laboratories) and data fiduciaries (e.g. health programmes), which are registered with or linked to the Ayushman Bharat Digital Mission (ABDM), and various processes there under. I reserve the right to revoke the given consent at any point of time, subject to applicable laws, rules and regulations.

Back **Draft** **E-sign & Submit**

Step 14: For e-sign, Enter the Aadhar Number.

The screenshot shows the Aadhaar authentication interface. At the top, there are three tabs: 'Aadhaar Number' (selected), 'Virtual ID', and 'UID Token'. Below the tabs, there are two input fields: 'Enter your Aadhaar Number' and 'Enter your Aadhaar OTP'. Between these fields, there are two radio buttons: 'Aadhaar OTP' (selected) and 'Aadhaar T-OTP'. To the right of the radio buttons, there is a callout box with the text 'Click on Get OTP Button' and a red arrow pointing to the 'Get OTP' button. Below the input fields, there is a consent box with a checkbox and a 'Play Consent' button. At the bottom, there are 'Submit' and 'Cancel' buttons, and a 'View Document Information' link. The 'ASP Name' field is at the very bottom.

Step 15: Enter the OTP that has been received on the registered mobile number and click on Submit button.

This screenshot is identical to the one above, showing the Aadhaar authentication interface. The 'Aadhaar Number' tab is selected, and the 'Aadhaar OTP' radio button is selected. The 'Get OTP' button is highlighted with a callout box. The 'Submit' button is also visible at the bottom left of the interface.

Step 16: PDF shall be generated after the successful submission of the facility.

To Whom It May Concern

The following health facilities are submitted in Health Facility Registry of Ayushman Bharat Digital Mission:

Sr No	Facility Id	Facility Name	State/UT	District	Facility Ownership	Facility Type	Submitted Date
1	IN0910031774	vijay lakshmi eye hospital	UTTAR PRADESH	Barabanki	Private	Hospital	01-04-2024

I am the applicant of the above facility/facilities and do hereby verify that the details as submitted on the portal pertaining to the above facility/facilities are true to my personal knowledge and nothing material has been concealed or falsely stated. I request you to kindly verify that the health facility/facilities as stated actually exists and give approval to that effect so that the facility can be 'validated for existence' on the portal.

I am aware that the Facility ID and related information can be used and shared with the entities working in the National Digital Health Ecosystem (NDHE) which inter alia includes stakeholders and entities such as healthcare professionals (e.g. doctors), facilities (e.g. hospitals, laboratories) and data fiduciaries (e.g. health programmes), which are registered with or linked to the Ayushman Bharat Digital Mission (ABDM), and various processes there under. I reserve the right to revoke the given consent at any point of time, subject to applicable laws, rules and regulations.

Software Linkage

Register for DHIS

Step 18: After the facility has been approved by the verifier, the status shall change from submitted to approved. The digital certificate will only be visible once the status of a facility changes from submitted to approved. Now you can download the certificate by clicking on "Certificate".

The screenshot displays a web interface for a facility named 'faraz facility'. The header bar is light green with the facility name on the left and a green eye icon on the right. Below the header, the facility ID 'IN0911573610' is shown on the left, and the status 'Approved' is shown in green text on the right. The main content area lists details: 'Ownership' is 'Private' and 'Address' is 'shop number 101, suraj road, agra Agra Uttar Pradesh 282001'. A blue link with a download icon labeled 'Certificate' is positioned to the right of the address. Below these details is a red underlined link 'Reset Password'. At the bottom, there are three light blue buttons: 'Add Healthcare Professional', 'Software Linkage', and 'Initiate the DHIS Workflow'.

Initiate the DHIS Workflow	

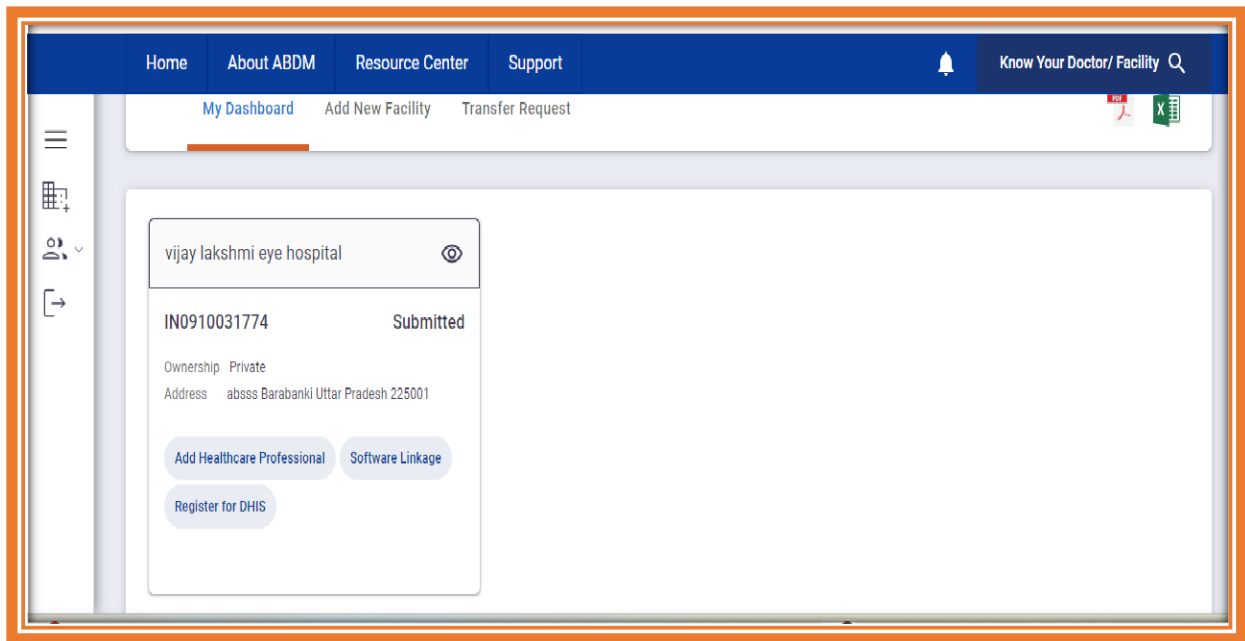

Step 19: Digital certificate downloaded.

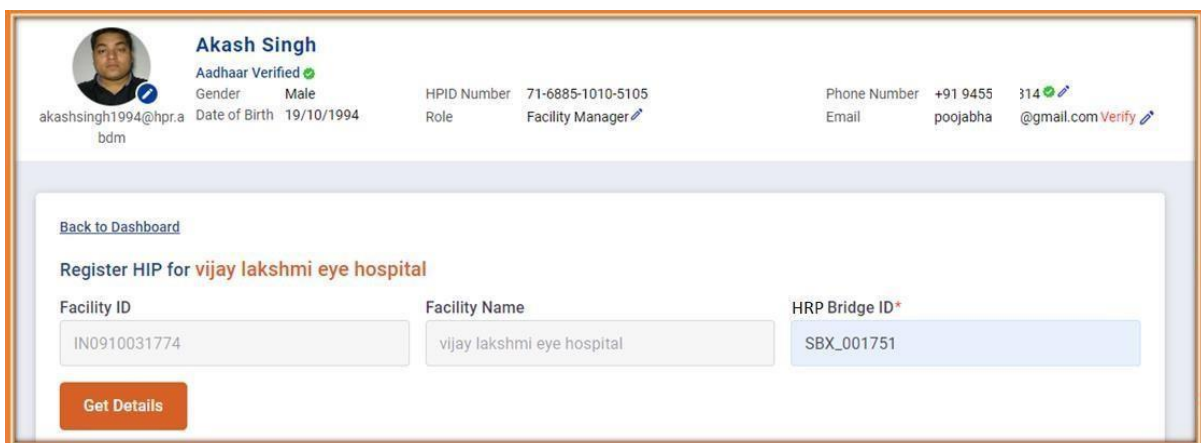

c) Software Linkage

Step 1: Facility manager will login into the National Healthcare Providers Registry Portal.

Step 2: On the facility dashboard user will see the registered facilities. Click on "Software Linkage" on the facility card.

Step 3: Add the bridge id and click on “Get Details” button.

Step 4: The details of the bridge will appear in the lower grid if the correct bridge id is added.

- If the bridge is getting linked with facility for the first time, then HIP name will auto fetch.
- If a bridge is already mapped with the facility and user is adding another bridge then user must add the “HIP name”.

- c) "HIP name" is the name of facility which is visible in ABHA application while searching for the facility, in case more than 1 bridge is linked HIP name should be different to uniquely identify the software/bridges.
- d) Click on "Register HIP" button.

Designation Department

[Declare](#)

f) Click on yes on confirmation popup,

The screenshot shows the National Health Authority portal. A confirmation popup is displayed in the center, asking: "Do you want to declare Arpit Agarwal as a healthcare professional?". The popup has "No" and "Yes" buttons. The background shows a search form for healthcare professionals with fields for Name, Registration Number, and Mobile Number. A table below the form lists healthcare professionals, including Arpit Agarwal with a "Pending" status. A "Declare" button is visible at the bottom left.

g) On declaration user can view the linked healthcare professional.

The screenshot shows the "Pending Healthcare Professional Declarations" section. It includes a "Back to Dashboard" link and an "Add Healthcare Professional" button. Below the heading, it states "No Pending Declarations". A table titled "Declare Healthcare Professional(s)" is shown, listing healthcare professionals with checkboxes for declaration.

	HealthCare Professional ID	Name	Gender	Mobile Number	Registration Number	Designation	Department	HealthCare Professional Category	HealthCare Professional Facility Linkage Status
☐	71-5386-3726-0426	Anurag	Male	901 5798727	rtggjfh	-	-	doctor	DLINK
☐	71-5723-0065-2435	Arpit Agarwal	Male	981 8557307	12345A	-	-	doctor	PENDING

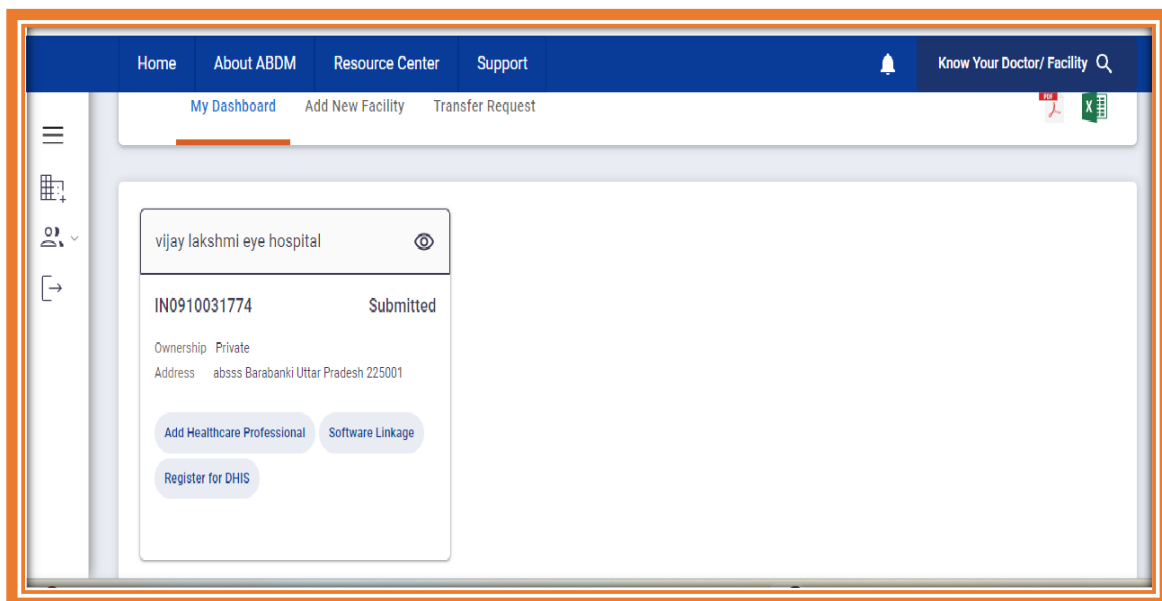

h) The healthcare professional can also declare himself/herself of working in a facility which can be approved or rejected by the facility manager of that particular facility. The request made by healthcare professional will be visible to the facility manager in the pending healthcare professional declaration section. If the request is approved by facility manager, the healthcare professional will be visible in the declared list.

The screenshot shows the facility manager's dashboard for Pooja Bhat. It includes a profile section with personal and contact details. Below, the "Pending Healthcare Professional Declarations" section shows a table of pending requests. The table has columns for Name, Gender, Mobile Number, Registration Number, Designation, Department, HealthCare Professional Category, HealthCare Professional Verification Status, and Action. The first entry is Anurag, a nurse in the Oncology department, with a "Declared" status. The "Action" column shows "Approve" and "Deny" buttons.

Name	Gender	Mobile Number	Registration Number	Designation	Department	HealthCare Professional Category	HealthCare Professional Verification Status	Action
Anurag	Male	901 5798727	138571	HOD	Oncology	nurse	Declared	Approve Deny

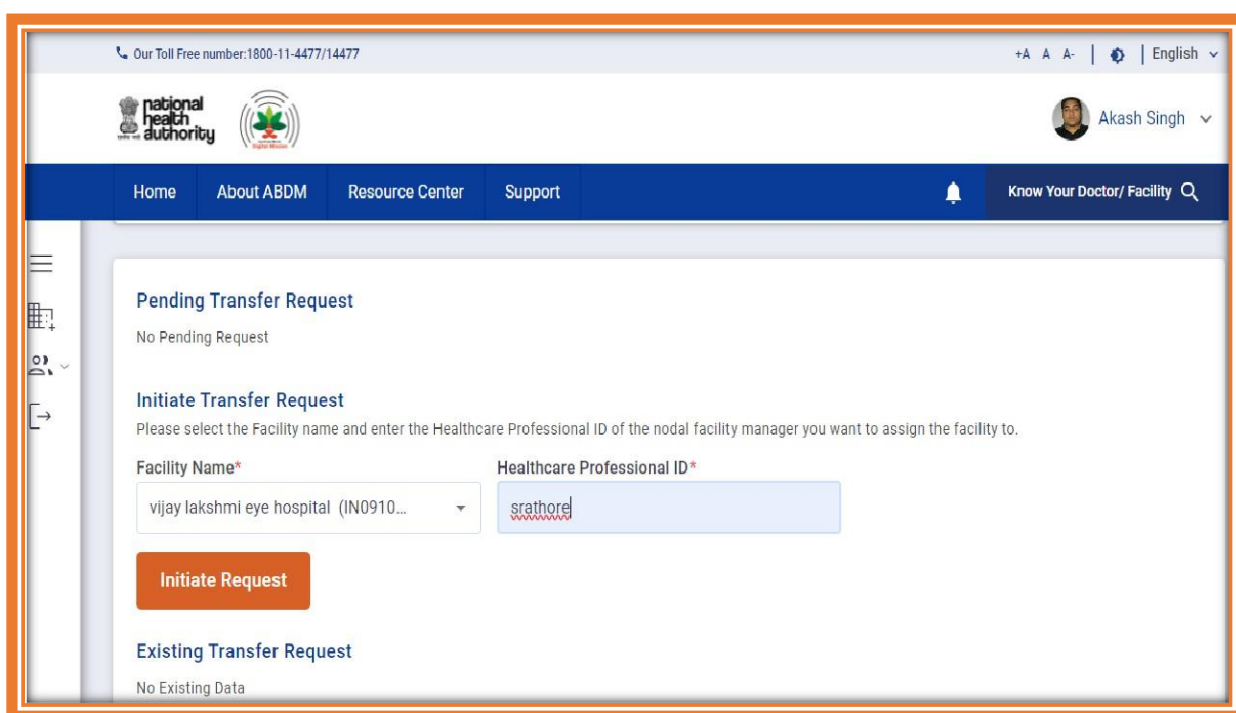

e) Transfer the Facility

Step 1: Click on Transfer Facility from the dashboard.

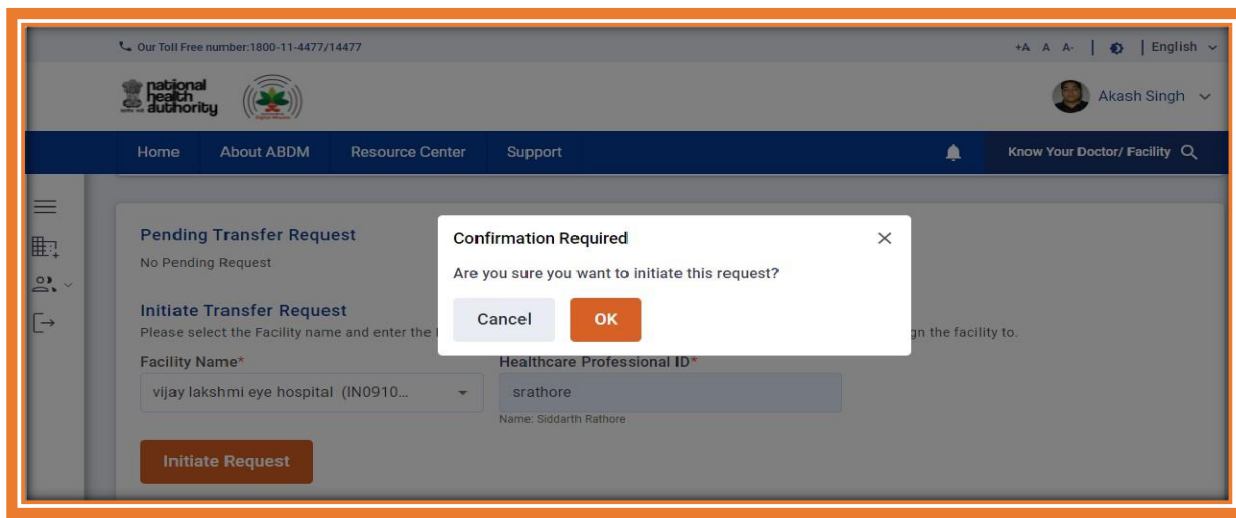

The screenshot shows the ABDM dashboard. The top navigation bar includes 'Home', 'About ABDM', 'Resource Center', and 'Support'. Below this, a secondary bar has 'My Dashboard' (highlighted), 'Add New Facility', and 'Transfer Request'. On the left is a sidebar with icons for home, facilities, users, and reports. The main content area displays a facility card for 'vijay lakshmi eye hospital' with ID 'IN0910031774' and status 'Submitted'. The card also shows ownership as 'Private' and address as 'absss Barabanki Uttar Pradesh 225001'. Below the card are buttons for 'Add Healthcare Professional', 'Software Linkage', and 'Register for DHIS'.

Step 2: Click In the “Facility Name” section, select the facility name that you want to transfer. In the “Healthcare Professional ID” section, add the HPID of the facility manager to who you want to transfer the facility and click on initiate request.

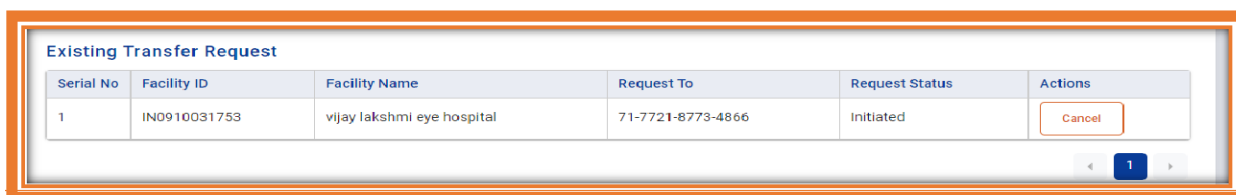

The screenshot shows the 'Initiate Transfer Request' form on the ABDM dashboard. The top navigation bar is the same as in the previous screenshot. The main content area has a header 'Pending Transfer Request' with the text 'No Pending Request'. Below this is the 'Initiate Transfer Request' section, which includes a prompt: 'Please select the Facility name and enter the Healthcare Professional ID of the nodal facility manager you want to assign the facility to.' There are two input fields: 'Facility Name*' with a dropdown menu showing 'vijay lakshmi eye hospital (IN0910...' and 'Healthcare Professional ID*' with a text input field containing 'srathore'. Below these fields is an orange 'Initiate Request' button. At the bottom, there is a section for 'Existing Transfer Request' with the text 'No Existing Data'.

Step 3: A confirmatory message shall come to confirm if you want to transfer the facility. Click on OK.

The screenshot shows the NHA portal interface. A modal window titled "Confirmation Required" is displayed, asking "Are you sure you want to initiate this request?" with "Cancel" and "OK" buttons. In the background, the "Initiate Transfer Request" form is visible, showing a dropdown for "Facility Name" with "vijay lakshmi eye hospital (IN0910..." selected, and a text field for "Healthcare Professional ID" with "srathore" entered. The "Initiate Request" button is at the bottom of the form.

Step 4: The initiated request will be reflected in the lower grid.

The screenshot shows a table titled "Existing Transfer Request" with the following data:

Serial No	Facility ID	Facility Name	Request To	Request Status	Actions
1	IN0910031753	vijay lakshmi eye hospital	71-7721-8773-4866	Initiated	Cancel

At the bottom right of the table, there is a pagination control showing "1" in a blue box, indicating the first page of results.

f) Accept/Reject the facility transfer request

Step 1: Once the request has been initiated, a notification will appear on the new facility manager's dashboard. From "My Dashboard" screen user can click on "Transfer Request" tab to view the initiated transfer request list and approve or reject the transferred facility accordingly. On approval of the request, the facility will be visible on the dashboard.

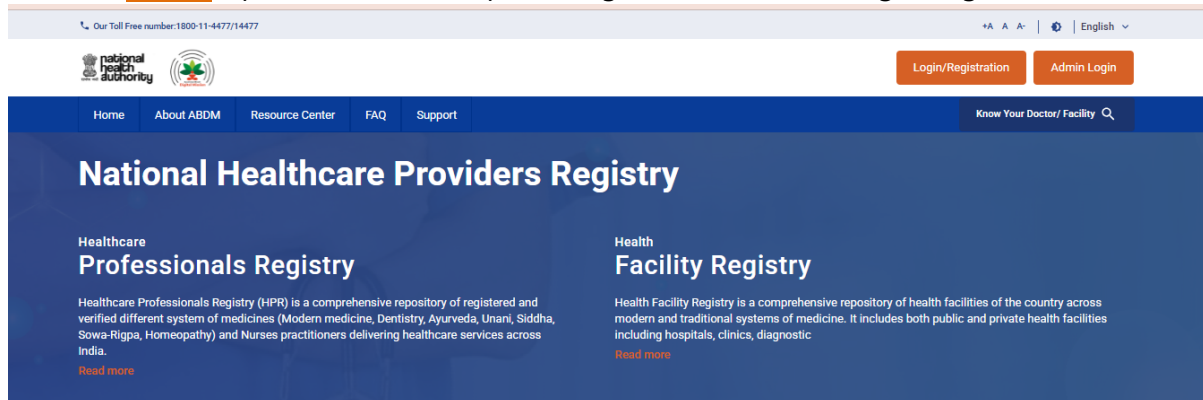

g) Role change

CASE 1: If the user is registered as a Healthcare professional and wants to be the facility manager/Admin and Healthcare professional both (From Role No. 1 to Role No.3)

CASE 2: If the user is registered as a Healthcare Facility Manager and wants to be the facility manager/Admin and Healthcare professional both (From Role No. 2 to Role No.3)

CASE 1

Step 1: Open the website nhpr.abdm.gov.in and click on Login/Register.

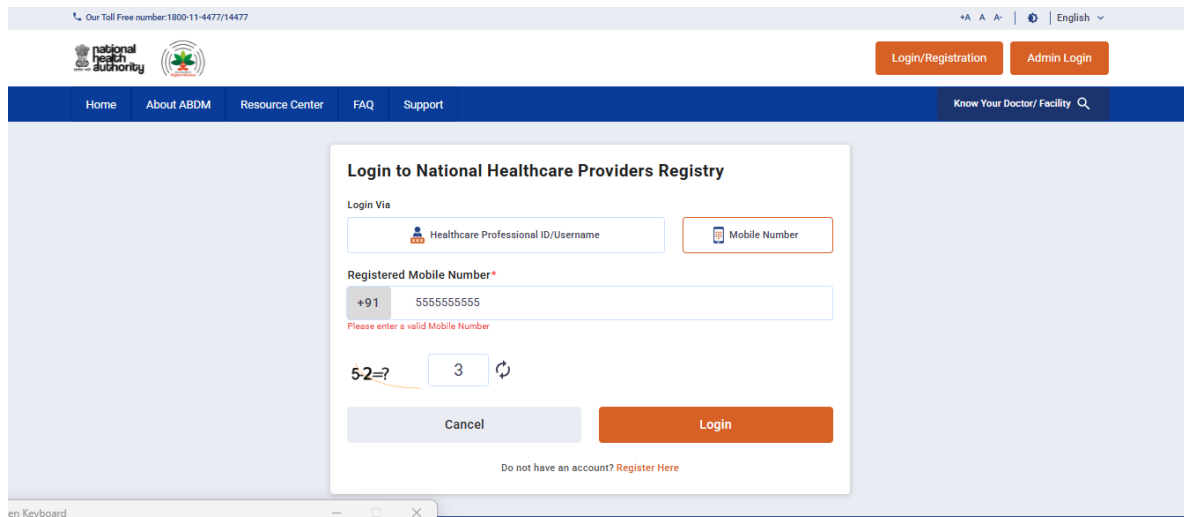

Who can Register?

Doctors from all the system of medicines (Modern medicine, Dentist, Ayurveda, Unani, Siddha, Sowa-Rigpa, Homeopathy) and Nurses can be part of the Healthcare Professional Registry (HPR). The HPR is envisaged to evolve into a citizen-centric and practitioner-centric platform in compliance with global healthcare standards.

Step 2: You may either login via HPID and password or Mobile number and OTP. Enter the registered mobile number.

Step 3: Enter the OTP received on your mobile number.
